What are the best energy providers in Canberra?

The best energy providers in Canberra are the companies offering cheap electricity prices that fall below the Reference Price. Origin, ActewAGL and Red Energy are currently offering some of the cheapest energy prices in the ACT, according to Money.com.au's analysis.

Can I bundle electricity and gas in Canberra?

Speak To a Selectra Energy Expert About All Your Energy Needs ! Not all electricity providers in Canberra also offer gas, so if you're looking to bundle both electricity and gas in the ACT your choices are limited. However, it is also possible to purchase your electricity from one provider and gas from another.

How much does energy cost in Canberra?

However, many energy providers in Canberra offer more competitive deals, known as "market offers", which can often provide better rates or additional benefits. For example, the Reference Price is \$2,675 per year, whereas the most affordable market offer is currently \$2,032, leading to annual savings of \$643.

Why is electricity so important in Canberra?

With the first Australian public building lit by electricity around 1879, it now permeates the very fabric of Canberra living. So taken for granted is its use, that we often only realise the value of electricity when the power is out. Indeed, there are many circumstances that trigger an investigative response into electrical providers.
