

Is buying photovoltaic panels at high prices a scam

That's why we put together these tips to avoid getting ripped off when buying solar panels -- backed by expert advice. Here's how to dodge solar panel scams and identify red flags.

While rooftop solar panels are becoming increasingly ubiquitous in homes throughout the United States, the industry also has a more sinister side: a seemingly widespread problem of ...

While you are browsing solar power companies, one of them may offer to install a solar panel or solar roof in your home for a small cost or even for free. It's an intentionally misleading claim.

In the worst cases, homeowners have been left making payments on overpriced systems that don't work, with little to no support from the installation company that put the panels on their roof. To avoid ...

Legitimate companies typically only need basic details to give you a quote for solar panels. If someone is pressuring you to fill out detailed personal or financial data right away, it's a big...

Soaring rates and solar bankruptcies raise tough questions: Will solar still save you money, or are hidden costs and scams on the rise?

Honest businesses will tell you exactly how much it'll cost to get and install solar panels. But, even though a solar panel company may sound credible and never utter "free," you can't stop...

It's likely a scam. While there are some government-funded solar programs for households that qualify, "going solar" isn't free. Honest businesses will tell you exactly how much it'll ...

Beware of misleading social media ads and sales pitches promising "free" solar, guaranteed savings, or special government payouts--these are major red flags. Compare quotes ...

This article explores the most common solar panel scams, provides tips to recognize red flags, and offers guidance on protecting yourself from fraudulent solar companies.

Honest businesses will tell you exactly how much it'll cost to get ...

It's likely a scam. While there are some government-funded solar programs for households that qualify, "going solar" isn't free. Honest businesses ...
