

Is installing photovoltaic panels on the roof a scam

Some even claim you'll get a check in the mail just for installing panels on your roof. If it sounds too good to be true, it probably is. The solar industry's explosive growth has created real ...

While you are browsing solar power companies, one of them may offer to install a solar panel or solar roof in your home for a small cost or even for free. It's an intentionally misleading...

Con artists use misleading sales tactics and lies to trick homeowners out of money and personal information. If you've received an offer ...

This article explores the most common solar panel scams, provides tips to recognize red flags, and offers guidance on protecting yourself from fraudulent solar companies.

Statistics from solar marketing firm EnergySage show that for the last half of 2023, fees for the most popular loan averaged 47% of the cost of a ...

Solar panels, typically mounted on rooftops to maximize sunlight exposure, are often misconceived as a risk to roof integrity. However, there's minimal risk of damage with a professional ...

Solar scams tend to be more sophisticated than other contract fraud because they involve costly and complex financing for the project. Victims often sign multi-page digital contracts on...

One of the most common solar scams is setting up a fake business and "selling" solar panel installations with no plans to install them. These fraudulent businesses might ask for a large ...

In the worst cases, homeowners have been left making payments on overpriced systems that don't work, with little to no support from the installation company that put the panels on their roof. To avoid ...

Statistics from solar marketing firm EnergySage show that for the last half of 2023, fees for the most popular loan averaged 47% of the cost of a rooftop solar panel installation.

It's likely a scam. While there are some government-funded solar programs for households that qualify, "going solar" isn't free. Honest businesses will tell you exactly how much it'll ...

Con artists use misleading sales tactics and lies to trick homeowners out of money and personal information. If you've received an offer for "free solar panels," it could be a scam. Always...
